MEMORANDUM FOR THE PRESIDENT

Subject: Mr. Friedman

In accordance with your directive to me of 9 July 1947, the attached report by FRANK SAUCIER is respectfully submitted.

In accordance with your instructions, advisors from State, Treasury, War and Navy Departments selected me on a two month exploratory mission concerning the situation of otherworld visitation. The principal investigators and storage of material related. Extensive efforts were made to reach scientists of all countries. Emphasis was placed on work in classified defense projects. Conferences were held with military, security officials and leaders of private industry. In addition, 1,200 technical and intelligence reports were considered. The visitation was placed in a global background by estimates of the situation, projected, by both the U.S., and allied countries, and recommendations to be used as sources of action for formulating plans and policies in view of recent developments.

The report also includes pertinent data in appendices which may be of interest to appropriate government departments and agencies.

Respectfully yours,
